Title \*

Related Call \*

Q1: Geographic area covered by the proposed node (e.g. country, region) \*

Q2: Key personnel involved in your application \*

max 150 words each, 1200 words in total

List up to eight individuals, providing a brief (2-3 sentence) biosketch, affiliation, role they will play in your node, and what specific skills they bring to your consortium. We recommend forming a diverse group that can engage varied stakeholder communities in your region.

Q3: Current RDA activities \*

(Max 800 words)

Explain what involvement your consortium has in RDA (e.g. attending plenaries, contributing to groups, formal positions held such as co-chairing or governing body membership, adoption of outputs, or national engagement events). Take the opportunity to profile the breadth of engagement across different activity areas and personnel. Please view the assessment criteria for reference on the suggested outputs &amp; KPIs.

Q4: Planned node activities to support the vision of RDA \*

 No file chosen 

(max 1200 words)

Provide a detailed workplan of activities, noting how you will engage a broad range of stakeholder groups and respond to national interests and priorities. The workplan should target activities to grow RDA membership and increase the adoption of outputs. Events should be open and community-driven to promote consensus-building. This knowledge of stakeholder activities and needs will enable you to represent national interests effectively. The workplan should include a timeline indicating significant events and milestones. To assist the creation of a proposed workplan, please use the attached [template which includes categories](#) and other guidance. Please also view the assessment criteria for further information on suggested outputs and KPIs.Files must be less than **10 MB**.Allowed file types: **txt pdf doc docx rtf odt ods xls xlsx ppt pps ppsx**.

Q5: Community endorsements and support \*

(max 500 words)

Detail who is supportive of your application and what commitments they have made to collaborate or assist in your activities. This could include financial contributions, formal endorsements and other cooperation agreements. A broad stakeholder mix with some backing from funders and/or government representatives is preferable. Please view the assessment criteria for reference on the suggested outputs &amp; KPIs.

Q6: Sustainability plans \*

(max 1000 words)

Consider how you will continue node activities beyond the support provided by RDA Europe 4.0. What financial or in-kind contributions can be secured or what business models and funding opportunities will be explored? How might the long-term sustainability of the node fit within the global RDA strategy for regional engagement? Being able to self-sustain activities and contribute into RDA is critical so this section warrants close attention. Please view the assessment criteria for reference on the suggested outputs &amp; KPIs.

Q7: Resources \*

 No file chosen 

Please detail the funding required and related estimated costs. All costs must be directly related to the suggested nodes activity. Eligible costs include work time, travel costs and other direct costs; subcontracting and indirect costs are not eligible. In-kind contributions and co-funding are encouraged. For a complete reference of the costs, nodes can also refer to the eligible costs for the H2020 projects with the exception of subcontracting and indirect ones. If you have doubts about a specific type of cost, please feel free to contact us to make sure it is eligible.
